Claims 1-16 are allowable

As to claims 1 and 2, the prior art of record, taken alone or in combination, fails to disclose or render obvious a second detecting step for detecting error information related to a position of the pupil plane, along the pupil plane and a third detecting step for detecting wavefront aberration of the optical system on the basis of the imaging position of each light beam upon the pupil plane and of the error information, in combination with the rest of the limitations of the claim.

As to claims 3, 9, 15 and 16, the prior art of record, taken alone or in combination, fails to disclose or render obvious a second detecting step for detecting error information related to a position of the pupil plane, along the pupil plane, in combination with the rest of the limitations of the claim.
